

The Wickiup

Being the title of the Year Book issued by the
Associated Students of The Idaho Technical
Institution

Vol. VI

Pocatello, Idaho
June, 1920

This book is respectfully dedicated
to our president

CHARLES R. FRAZIER

FOREWORD.

=====

In this the sixth volume of The Wickiup it is the hope of the staff to give you in a true and interesting manner the events of the past year in the Idaho Technical Institute. It is impossible to condense in a book all of a student's life while at college, but from the glimpses we give you in this volume we are endeavoring to show the real spirit of our school towards better fitting of each of us in all ways for the years to come after we leave our "School Life" to go into "Life's School." At this time we also wish to thank our many contributors for their hearty co-operation in making this Annual a success. It is hoped that each of the students will keep this book to look over in future years as a reminder of their days at the Idaho Technical Institute.

A few years ago the students of the I. T. I. organized under the name of the Student Body Organization of the Idaho Technical Institute and adopted by-laws and a constitution whereby an election is to be held at the beginning of each school year to elect officers. Accordingly, last fall nominations were made and the election of officers followed the next week. By this method the students are able to choose officers that will represent them well in all student activities and thereby keep school spirit up to its highest standard. The results of the election were as follows: Mr. Rom Kennedy, President; Helen Marling, Vice President; Vernal Merrill, Secretary, and Mr. Harold West, Treasurer. Mr. Kennedy left school just before Christmas and Mr. Morris Stacy was unanimously chosen to take his place.

The student body officers have worked diligently co-operating in every way with the students and faculty to make the year a success in student activities. All are to be congratulated upon the work accomplished.
