

BEAUTY CONTEST

On the night of February first closed one of the most spirited activities of the year, when the four most beautiful girls in the whole Idaho Technical Institute were chosen in the first Wickiup Beauty Contest ever held in the school.

For a week previous to the College Ball interest was at a high pitch, and as the final night approached, students grew feverish with anxiety as to the result of the contest in which the fairest members of the school took part.

Each club and class in the school entered a contestant and keen was the rivalry between the supporters of the different candidates. That the contest really chose the most beautiful girls on the campus is proven by the pictures on the following pages.

While the College Ball was in full swing, the results of the contest were announced. At precisely eleven o'clock the polls were closed and the votes counted. It was found that Erma Blood, Doris Wagenseller, Isabella Wilson and Alice Cosgrove received the highest number of votes. Tremendous cheers and applause greeted the announcement of the winners.

The contest was a complete success from a financial as well as an artistic standpoint. Everyone seemed well pleased with the results and no disruptions among the fair sex have resulted from the contest so far.
