Freshmen
Freshmen, a little less green than most, a little more good-looking and peppy, a little less numerous... but nevertheless Freshmen. They worry about their grade average, their next date, and all those things a college student should worry about. With a well-liked, agreeable president like John Hart, a good-looking vice-president like Perry Stephenson, a pert, lively secretary like Judy Jones, and a reliable treasurer like Mary Lou Jones, the class is well represented. The Freshman formal, held on April 10, was the big event for the class. That night they gave the upperclassmen a cold shoulder and withdrew smugly to a private dance of their own.
George Howard, Mary Lou Jones, Emily Service, Perry Stephenson, John Hart, Cecil Habley, Jayson Holladay, Evelyn Earle, Judy Jones.
