

Vocational Students

The eighty some vocational students have really made this a gala year. Their organization has operated as a closely knit unit and they have gained more power for themselves than any vocational students in former years. The understanding Harold Hawker, president, put in a great deal of time trying to get more activities and social functions for the vocational students. His first aide was fiery Ralph Adams, who succeeded Edward Prater as vice-president for the second semester. Maren Andersen held the secretarial position and Virginia Keil filled the responsible job of treasurer. The entire vocational class was the power behind these four. They sponsored "Ye Olde Barn Dance," a Snow Dance, and a "Girls' Choice Dance." All of the new activities that they have introduced they hope will be continued in the years to come.
