# JUNIORS

THE JUNIOR CLASS BOASTED A RECORD number of campus "wheels," self-styled and otherwise. Besides these individual contributions to campus activity, little was heard from the class.

. . . Bob Brizee kept busy and good-humored. His vice-president, Paddy Garver, starred in the squared circle. Secretary was pretty and popular LaRita Christensen. Harold Page handled the finances . . .

. . . Joyce Johnson set the mood of the winter season with her compound fracture. Skiing lost a little of its glamor. Ollie Castro continued his battle to stay in the U.S., finally won.

. . . BECAUSE OF VARYING AGES WITHIN the class and general disinterest, organized events were difficult to manage, class meetings sparsely attended. The feeling of unity within, and loyalty to any particular class was lost at ISC.

Virginia A. Kelly

. . . THE HOMECOMING PARADE was enhanced by the Juniors' thoughtful entry, in their own words, "a truck camouflaged as a float." Juniors planned to construct an ice-skating rink. Old Man Winter and the prevalent indifference conspired to cancel that project . . .

. . . Winter passed. Juniors became seniors.
