Pi Kappa Alpha

The WICKIUP takes this opportunity to welcome Pi Kappa Alpha to Idaho State College. The Pikes were initiated and received their charter on May 20 of this year. Although the last semester of the school year has been one of simply getting organized and preparing for installation, the Pikes were able to have a few exchanges, sponsor the first PLAYBOY Pajama Party on the campus, and win the inter-fraternity basketball and baseball competitions. Perhaps the results of these events is a clue to what may happen in the next few years. By the way, there have been so many rumors flying around, "What really happened at that Playboy Party?"

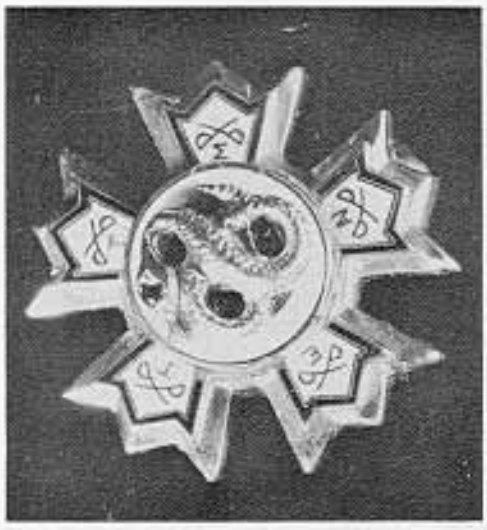
Posed with the Playboy Bunny, the candidates for the Playboy Playmate and escorts wait for the dance.

The first active competition put out by the Pikes was that of the Snow Carnival

Sigma Nu



On October 3, 1960 Sigma Nu Alpha held their first meeting on ISC campus. On October 10 the Student Affairs Committee approved the Sigma Nu Constitution. Starting with these two dates a Sigma Nu colony was started in preparation for becoming an active fraternity chapter on campus. Formal pledging to Sigma Nu Fraternity was held on May 12 and climaxed by the initiation into Sigma Nu by the granting of a charter by their National.

The Sigma Nu fraternity has held two outstanding events this past year. On December 11 the Sigma Nu in cooperation with the Sigma Kappa sorority held a Christmas party for underprivileged children. Celebrating their first annual Sigma Nu Dinner Dance, they established their role as an active fraternity.

Some of their outstanding men include Dean Rieken, Junior Class Vice-president, President of the Blue Key, and a member of a singing group that originated at a rather widely-known, local tavern; Bob Jones, Chairman of the S.U.B. Social Committee, Student of the Month and Quarter, and Corresponding Secretary of the Blue Key; and Rich Miller who has become known as the Great Greek God.

The Wickiup extends its best wishes to the Sigma Nu fraternity.

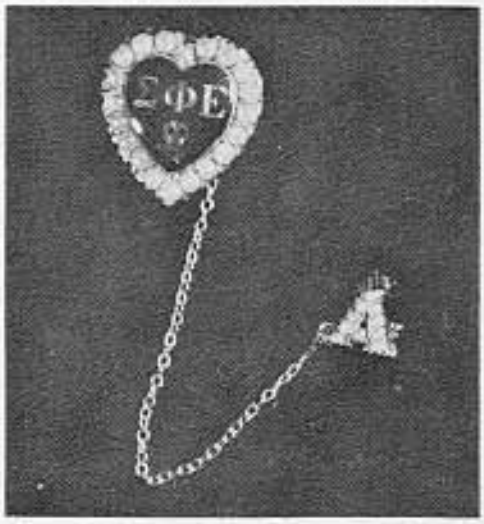
'High Noon,' the Sigma Nu entry in the Greek Week skits.

Sigma Phi Epsilon



Sigma Phi Epsilon once again had a very successful year on the campus of Idaho State College. This year the Sig Eps, led by the very capable leadership of Frank Ferguson and Tom Mingus, gained many honors. First place positions were gained in Campus Blood Drive competition, pledge scholarship, skits both Homecoming and Greek Week, and Sweepstakes in Greek Week competition. SPE also held many campus sensation parties — Hell Night and Greek Week Breakfast for the Sororities.

Many men helped carry the tradition of the "Brothers of the Golden Heart" — Delmont Oswald, Student Body Vice President; Pat McGahan, Men's Representative; Max Jenkins, Business Manager of the Bengal; Blaine Jensen, Student of the Quarter; Brent Thomas, "The Pajama Game"; Floyd Anderson, President of Pi Kappa Delta.

One thing remains to be a big question — Where did the Sig Eps get the chain that held their Homecoming Float together?

Charles Africa—a very capable faculty advisor?

Tau Kappa Epsilon

The men of Tau Kappa Epsilon had a very good year in 1960-61. The year started out by winning the first place award in the men's division of the Homecoming floats and in keeping with the TKE tradition, a first place was once again won in the noise parade.

This year, for the first time, Tau Kappa Epsilon hosted the Pacific Northwest Annual Leadership Conference. This subject brings us to a point of question and that is why the TKE's got so much news coverage on this event??

Building a family of bears can have some serious consequences??

To keep in the spirit of homecoming, the TKE's made this entry in the noise parade

Phi Sigma Kappa

During the year, Phi Sigma Kappa, which is the only fraternity to have had a lasting house on campus, has participated in almost all Greek and campus activities. These activities include participation in Greek activities such as Greek Week and Winter Carnival to participation in campus activities such as Homecoming and all-college dances. Activities of their own include a Fall dinner-dance, a March of Dimes Dance in January, a Las Vegas night, and their annual National Founders Day Dance on March 15. Some of their outstanding individuals are Student Body President for the 1961-1962 school year, Karl Shurtliff; chairman of the entertainment committee, Hal Neddo; chairman of the games committee, John Fisher; and nationally and world-known track man, Tom O'Riordan. There is just one thing that bothers certain members of ISC and that is "Why does Dean Otness require girls to be chaperoned before entering the Phi Sig house?"

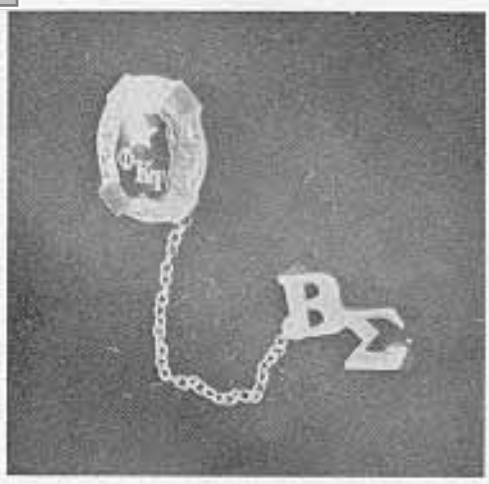
Phi Kappa Tau



Phi Kappa Tau Fraternity, after one semester of inactivity, came back to life second semester with a membership of 15 actives and pledges. Holding up their tradition of winning the Greek Olympics, the Phi Tau's once again were victorious. Chris Anton, president, was elected KING OF HEARTS by the coeds of the campus. The thing that remains a mystery is "How did the Phi Tau's get put on social probation in the first place?"
