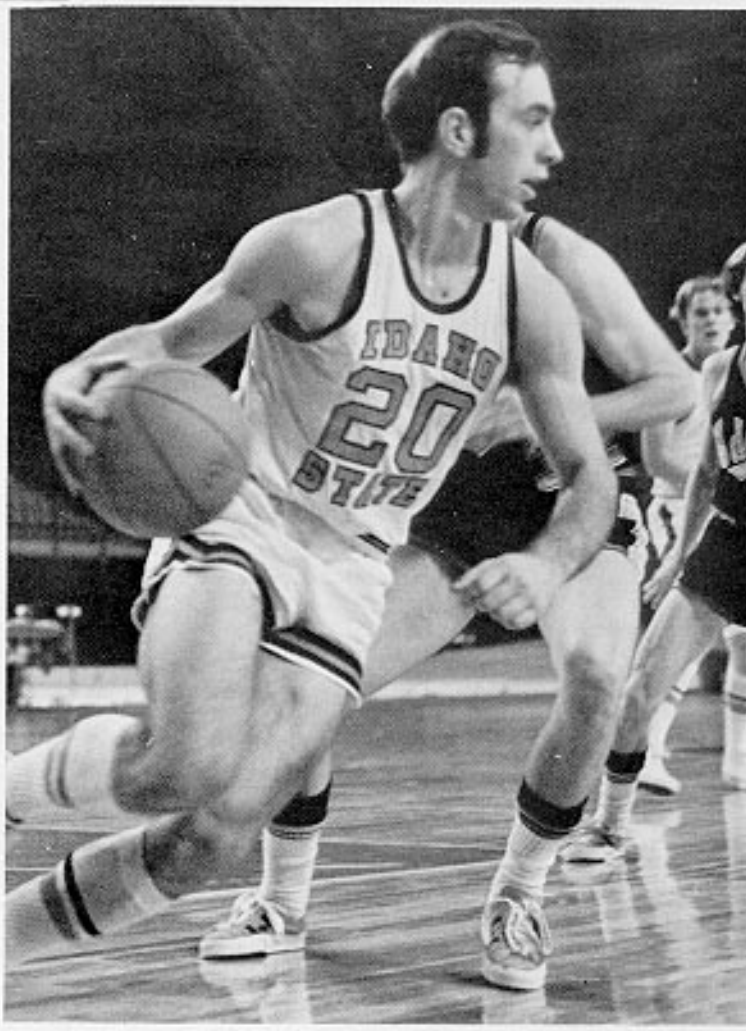
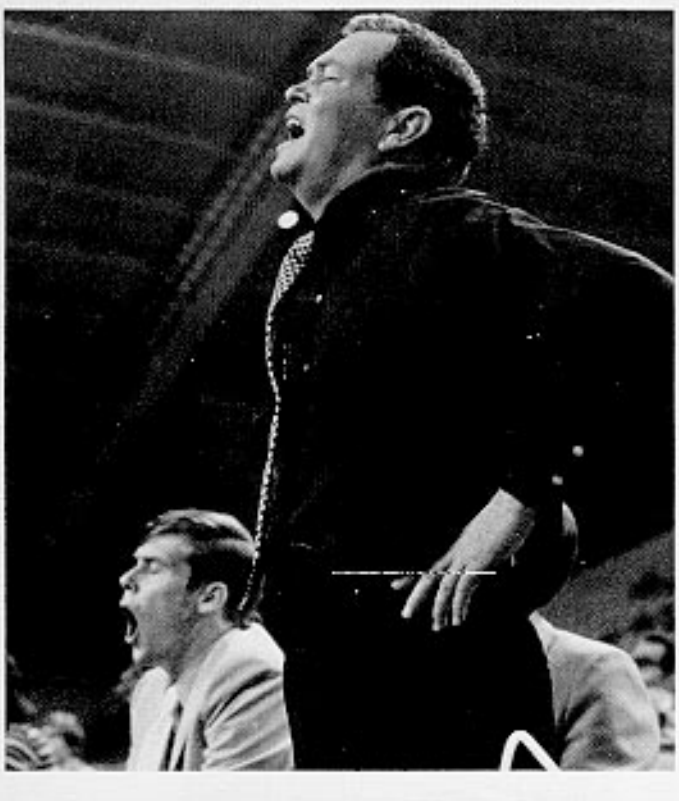
You had better sit down, that ball looks too heavy for you. Let me take it for you.

One, Two, One, Two, here we come, one, two, o
two, you better move over.



Let's play keep away!

Oh ya! Just who are you calling a dumb ---.



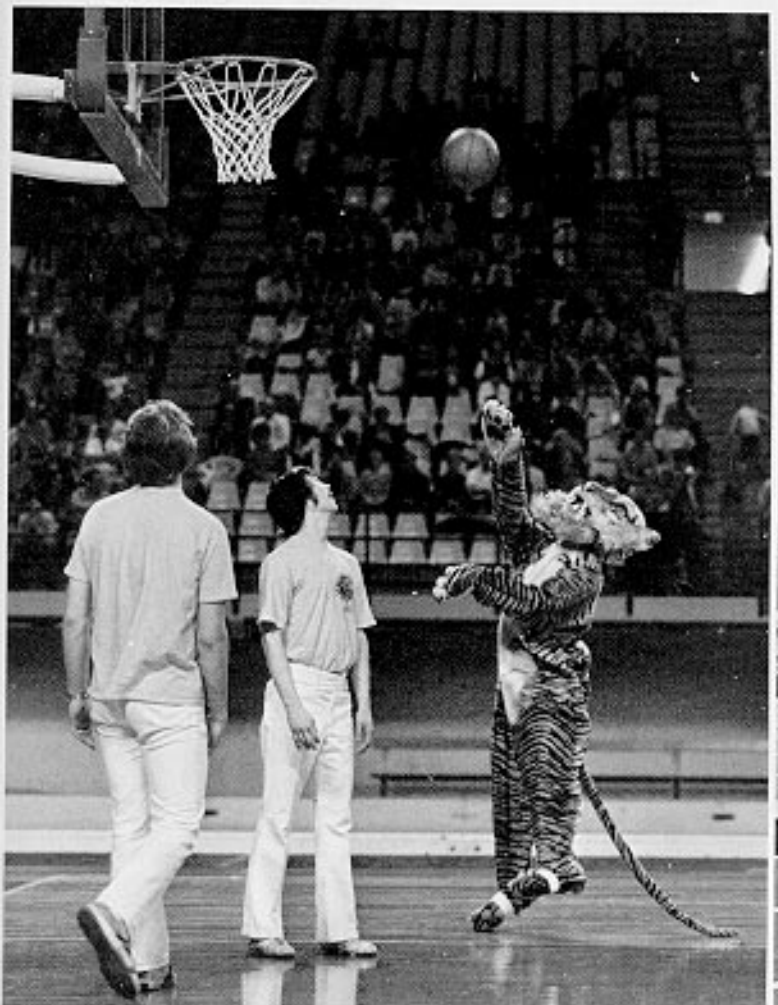
You can do it, you can do it!

Go Bengals Go!

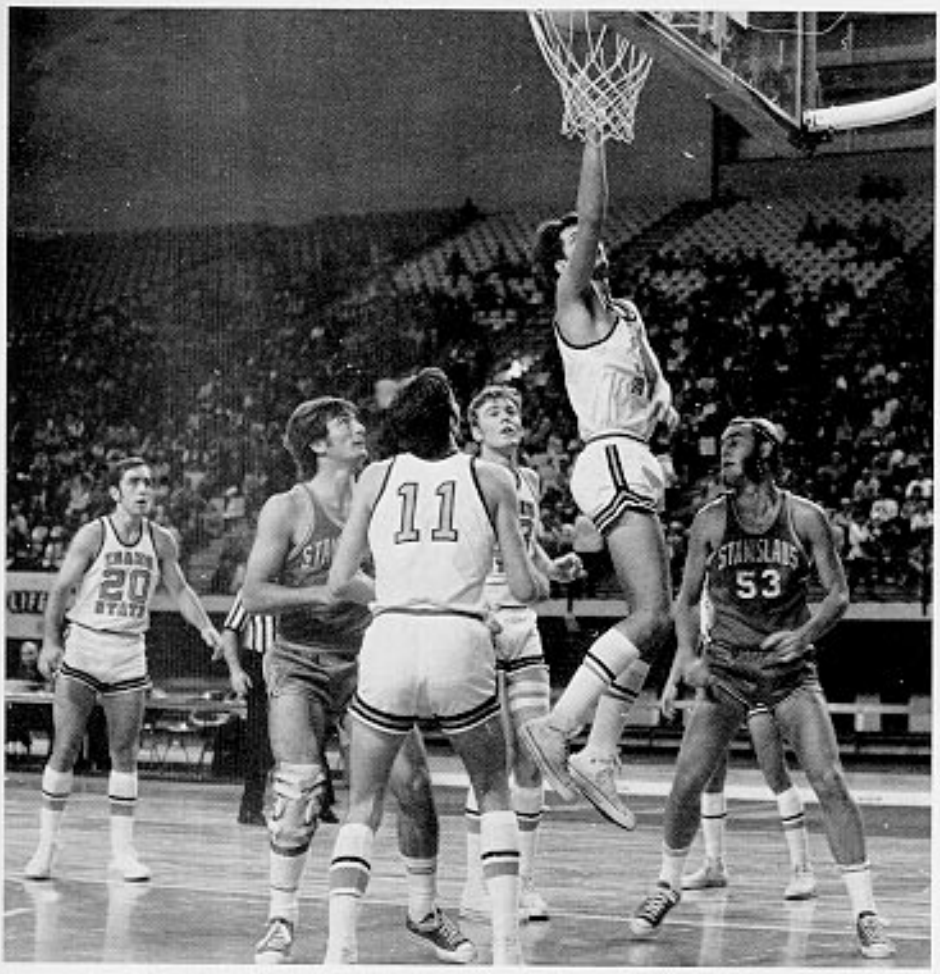
Ya, you can do it, Go.

THE SPIRIT OF '72

See it isn't that hard. All you have to do is put it up and . . . well maybe in!



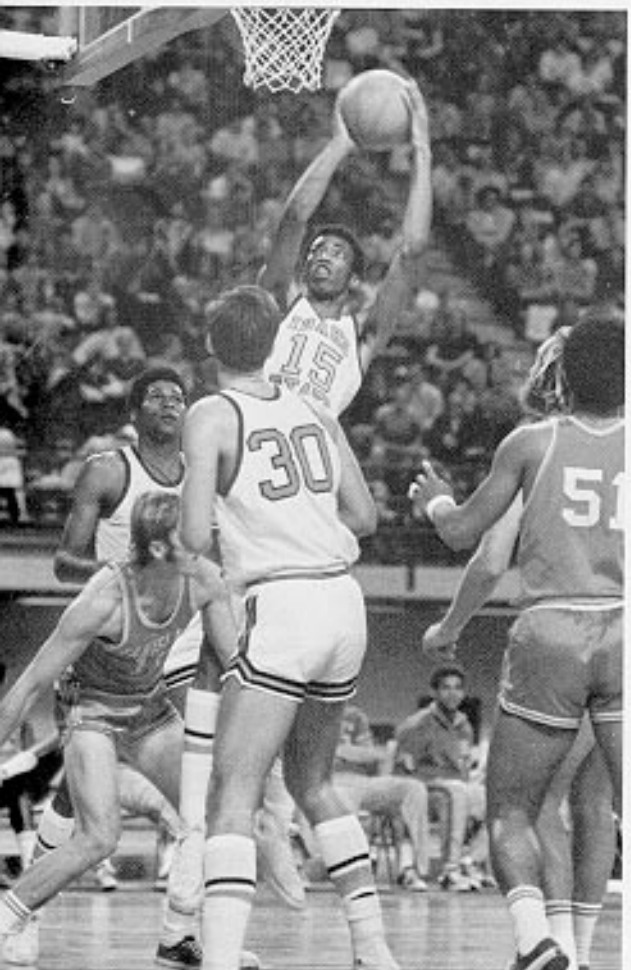
"What makes the grass grow? Blood, Blood!"



Up and in was easy. The hard part is getting down and out.

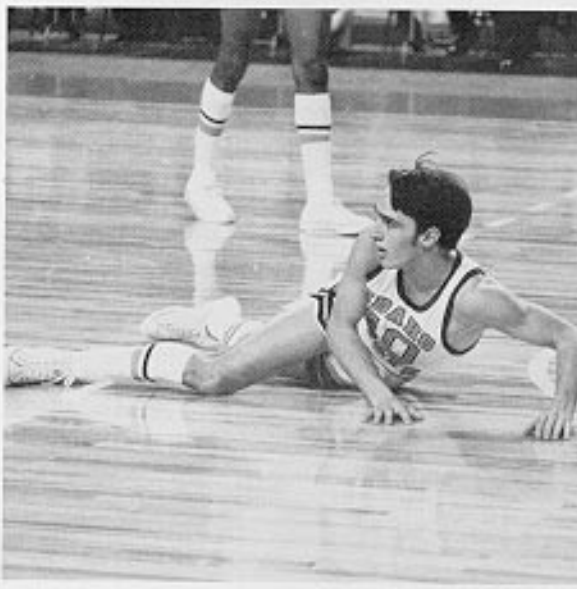
Moving out at top speed.

If you can't join them beat them.



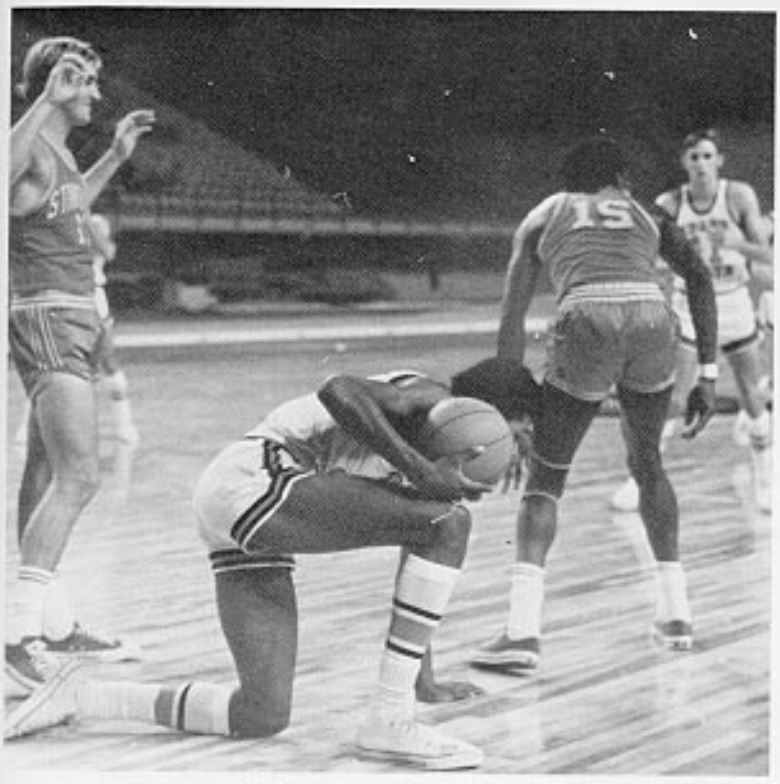
On this is what we are going to do, but don't let the refs know!

If I am going to play any more I had better take my half time sleep now!



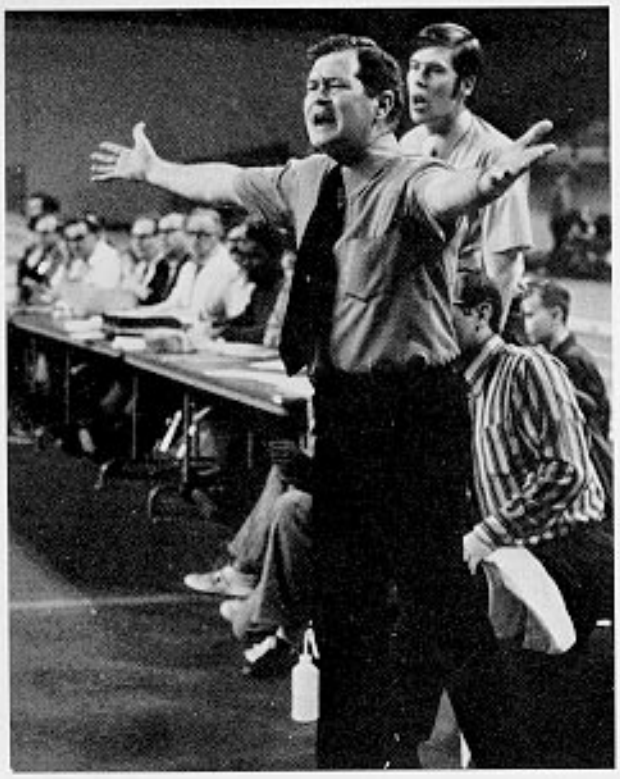
I'll get that guy when he comes down the floor. Boy, will flip his wig.

BASKETBALL'S UPS AND DOWNS



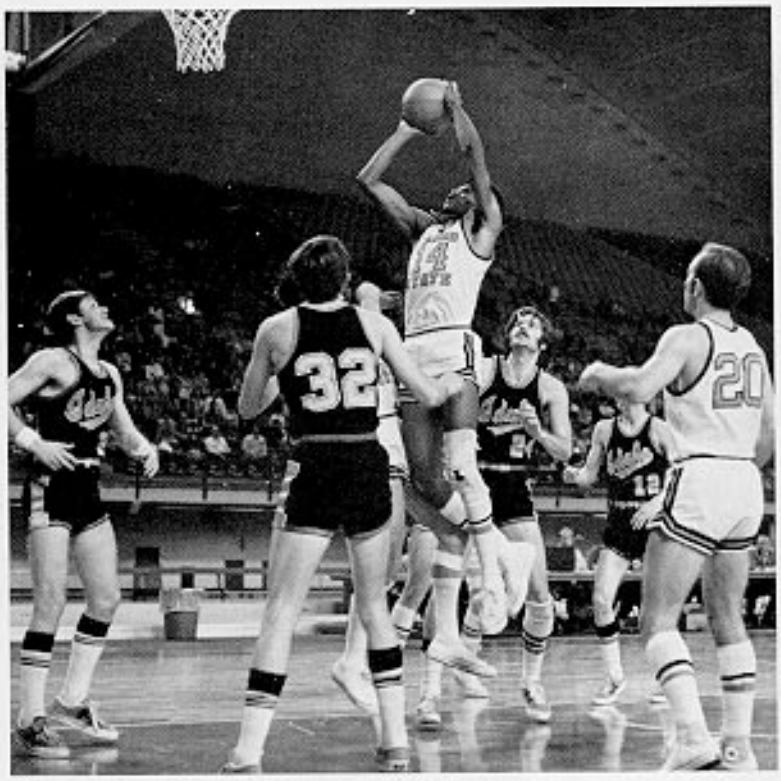
Look man, no hands and I still tripped him!

No, no, I said lay the ball on the floor, not for you to lay on the floor.

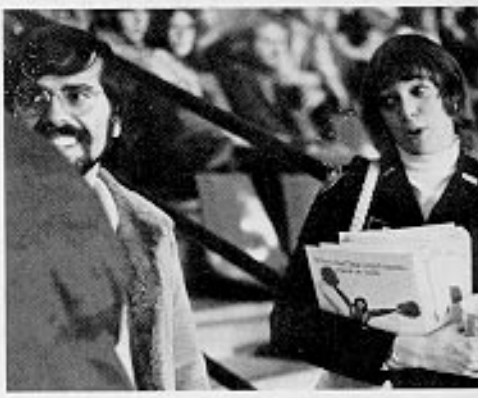


Lord, Why pick on me?

It pays to be a tall, tall man.



UP, UP, and will you let go of that ball before it is down, down, and out!



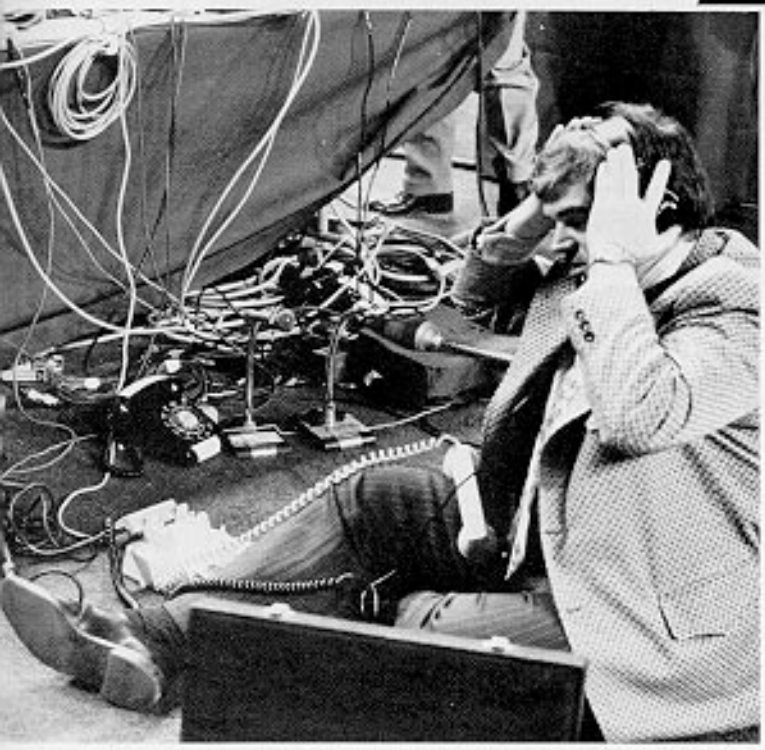
Oh! you need one of these books to understand game.

I can run faster than you.

NBC AT THE MINIDOME

That ain't no spud truck!

What a way to see them go at it!



My mother told me there would be days like this. Why, oh why, didn't I listen?

What do you mean goal? I call that tagging the ball while it's down!
