

# SPARETIME.....

# WAS WELL SPENT....

Most of the spare time was spent sacking out. Sunday morning found 95 percent participation in this well-known pastime. During the warm Saturdays and Sundays, many lay out in the sun and acquired beautiful tans. Often due to some English assignment, we were forced to spend time in the library doing research work. But best of all was the time spent in the few phone calls to the best girl or the folks at home, because it took us back into the family for a few brief moments.

## FOR THE MORE AMBITIOUS...

The first all-Navy football team ever to take the field for UISB made its appearance this year and did well in the five games played during the semester. In each of the encounters the blue-clad eleven proved to be a snappy, fast-playing club and one that gained the respect of opponents.

## AND FOR THOSE WHO SURVIVED P.T.

Under the guidance of Coach John Vesser the team was picked from a large number that turned out for the first practices. A few of the gridgers came here with records of other college ball, but most of them were products of high school teams. The comparatively "green" players picked up some valuable experience during the season and emerged a first-rate team.

## THERE IS FOOTBALL...

The Navy team first took on the Second Air Force "Bombers" and took a beating from them at the UISB stadium. They followed that defeat with a smashing victory over the Marines from the Naval Ordnance Plant. The other games of the semester were with the University of Utah, and the Fort Warren Army team. A game between semesters is scheduled with the Alaskan Command at Edmonton, Alberta, on October 29.

# AND BOXING . . .

IDAHO STATE COLLEGE LIBRARY

A large number turned out for the boxing team this fall and the boys provided some thrilling entertainment during the semester. Although there were no bouts scheduled with outside teams, two smokers were staged in the gym which proved to be very popular.

Under the coaching of the chief some 30 pugilists turned out daily for practice during most of the semester. A number of very good prospects were seen for the fights next semester.

# AND MARCHING...

One of the outstanding features of Navy coordination and ability has been exemplified this semester by the work of the Navy Drill Team, under command of A. S. Lorin Fuller. Organized as a representative group of the battalion, the team's "trick drill" has received acclaim from the fans. Hats off to the boys!

Front row: Hammond, Cole, Zeller, O'Connell, Soros, Taylor, Rush, Heapes, Hampton, Anderson, Fuller.  
Second row: Manning, Sweatt, Bullough, Riley, Peck, Harris, Workman, Brown, Collins.  
Back row: DiMercurio, Zeller, James, Covington, Boyington, Erickson, Bernstein, Kant, Parry.
